DRAIN-X

**Liquid Sewer and
Drain Solvent**

**Clogging Of Pipes
Can Be Prevented
By Using DRAIN-X
Periodically.**

**Clears Stoppage Caused
By:**

- Grease
- Oil
- Fibers
- Sludge

And Organic Matters In:

- Sewers
- Drains
- Traps
- Urinals
- Lavatories

APPLICATIONS

DRAIN-X is a liquid sewer and drain solvent. DRAIN-X clears stoppage caused by grease, oil, fibers, sludge and organic matter in sewers, drains, traps, urinals and lavatories.

DIRECTIONS

For Clogged Sewers and Drains: Pour in 2½ gallons water. Add about 3 gallons of DRAIN-X VERY SLOWLY. Repeat if necessary. While making solution, add liquid SLOWLY to surface of solution to avoid splattering.

For Clogged Traps, Urinals or Lavatories: Bail or mop out as much water in the clogged receptacle as possible. Add at least 1 pint of DRAIN-X. Allow to stand from 10-20 minutes then flush out with water. Repeat if necessary.

Clogging of pipes can be prevented by using DRAIN-X periodically.

TECHNICAL DATA

Flash Point of Concentrate:	None
Specific Gravity:	1.28
Appearance:	Clear colorless Liquid
Odor:	None
