

What Do Dirty Condenser Coils Cost You?

- ✓ Reduces Cooling Efficiency
- ✓ Increases Energy Usage
- ✓ Reduces Life of Equipment
- ✓ Increases Maintenance Costs

CR 1-2-3...Performance in Action.

- **FOAMING ACTION.** High foaming action clings to vertical and horizontal surfaces with no messy run-off. CR 1-2-3's foam allows the product to cling to the surface, allowing longer cleaning time.

PERFORMANCE BENEFIT: Saves maintenance labor, time and downtime of the entire cooling system.

- **SAFE TO USE.** CR 1-2-3 contains no acid. This product is an alkaline aluminum coil cleaner and renovator.
-

- **HIGHLY CONCENTRATED.** CR 1-2-3 offers controlled cleaning power. CR 1-2-3 can be diluted up to 30-1 with water.

PERFORMANCE BENEFIT: Reduces maintenance costs. Reduces inventory.

- **FAST ACTING.** CR 1-2-3 is designed to emulsify dirt and oil, chemically breaking them down so they can easily be removed. Dirt and contaminants are loosened from the coils, allowing the units to run at maximum efficiency.

PERFORMANCE BENEFIT: Improves energy economy. More productive cooling.

APPLICATIONS

CR 1-2-3 is a highly concentrated, foaming coil renovator. This product cleans and brightens aluminum coils. It is effective on vertical and horizontal surfaces alike.

It is widely used by air conditioning repair shops, apartment complexes, hotels/motels, industrial plants, nursing homes, institutions, and any establishment which services air conditioning coils.

DIRECTIONS

For normal cleaning of coils dilute as follows: 9 parts water to 1 part CR 1-2-3. Spray solution on coils, let stand for 5 minutes and rinse off with water.

NOTE: This product is not recommended for use where paint damage would be a problem. May damage decals. **DO NOT USE** on polished or anodized aluminum or automotive finishes.

TECHNICAL DATA

Composition:	Alkaline compounds and detergents
Type:	Water-based coil renovator
pH (concentrate):	>13.5
Specific Gravity:	1.14
Flammability:	Non-flammable
Color:	Colorless to light yellow
Fragrance:	Bland odor
